Registered Students

This page contains information for students who have registered with SDS, and have established eligibility for accommodations. If you have not yet completed the registration process, please do so before proceeding with information provided on this page. Complete information about the registration process can be found on the How To Register page.

Procedures For Accessing Accommodations

Once a student has registered with Student Disability Services, and their eligibility is determined, the procedures for accessing accommodations varies depending on the structure of their school or program. The links below provide information about the key contacts and procedures for accessing accommodations developed in collaboration with our liaisons in each school/program.

Do not hesitate to contact SDS if you have any difficulty making arrangements with your school or faculty for accommodations.

Accessing Notetaking and Alternate Media Services

Some accommodations require quarterly requests to SDS in order to coordinate the service needed:
